Parent/Guardian Permission to Participate

I, _____, give permission for my child, _____, to participate in the QORDS camp program and the camp activities as planned by the staff, except specifically as I've noted below. The administrative staff and volunteer adults of QORDS have my permission to transport my child for programs that are off site and to the hospital or doctor for medical treatment should there be an illness or injury. I also grant my permission for photos of my camper to appear in pictures for publicity purposes, including the QORDS website and other publications. I understand that some campers will have the opportunity to participate in activities including, but not limited to: swimming, boating, archery, campfires, challenge courses, and trips off the camp premises. This is not a guarantee that my child will participate in all of these activities. I understand that although care is given to greatly reduce risk through safety procedures, education, and equipment, some camp activities are not without an element of danger. These risks include damage to property and temporary or long-term injury to the person. I understand the risks involved with this type of program, and I feel the benefits outweigh the potential hazards of the program.

I also agree to follow all regulations and policies as outlined in the confirmation information and will sign the camper's behavior contract with my child prior to the start of the camp program.
